## Mechanical CAD

**An insight into where the highest concentration of MCAD sites are in the UK.**

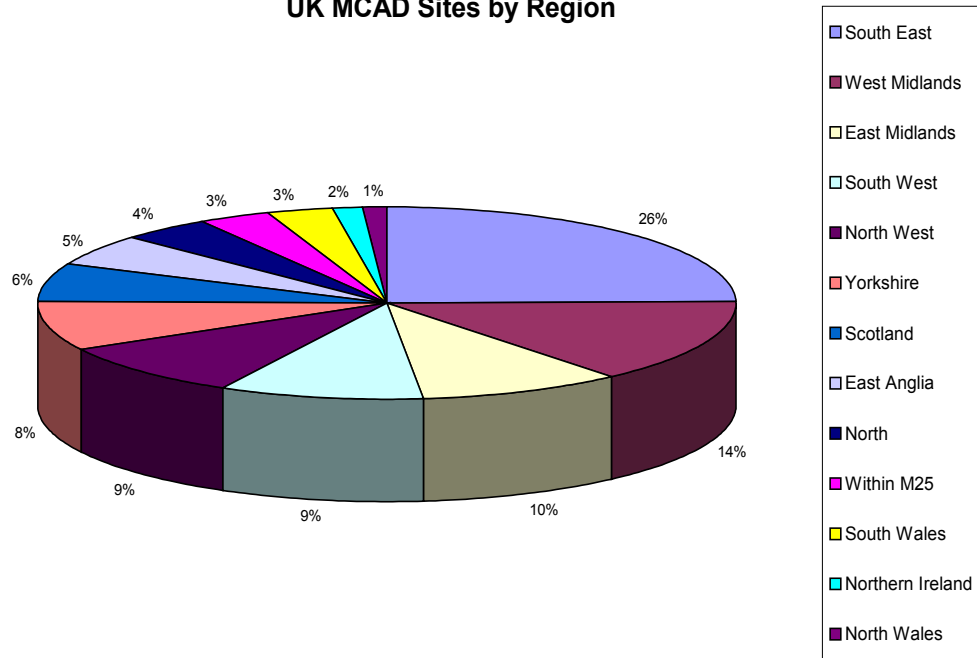

*iCAD is produced by Business Advantage, a B2B research, business development and marketing consulting practice operating in the global IT, Digital and Telecommunication sectors.*

The Business Advantage UK CAD/CAM User Site database contains details of over 15,000 CAD using sites, and gives us the opportunity to analyse this data – kept up to date on a rigorous six-monthly cycle by Business Advantage internally – and look at who is using what, where, why and how.

We took a look at the MCAD sector, and where the highest concentration of sites in the UK appeared. The breakdown of the 7,579 sites currently held looked like this:

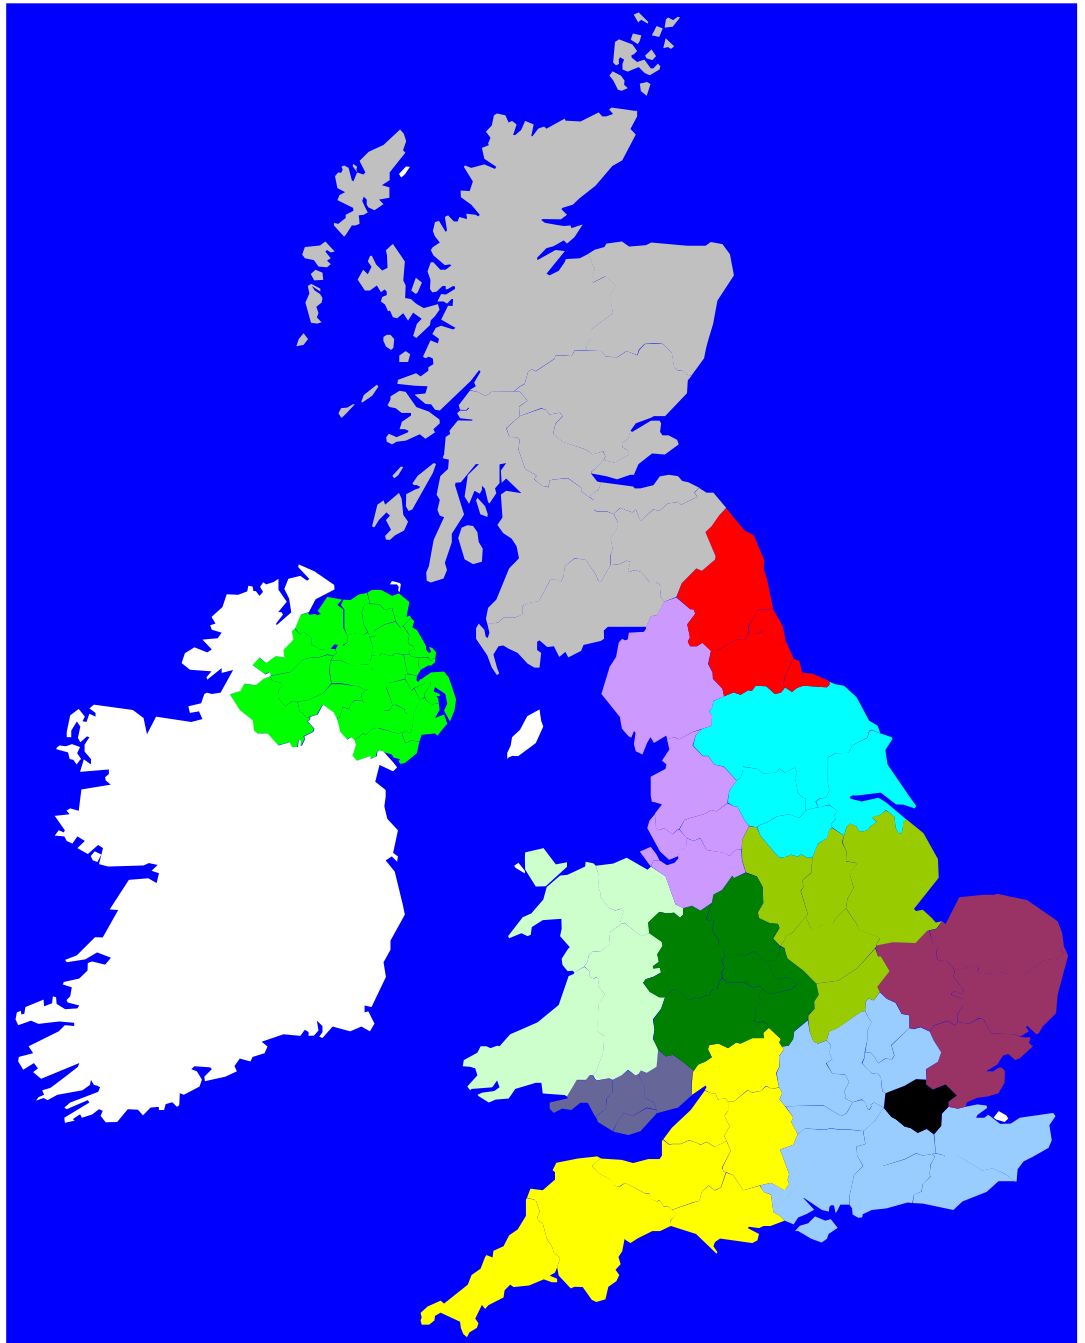

Region	Number of MCAD Sites
South East	1,884
West Midlands	1,054
East Midlands	722
South West	710
North West	704
Yorkshire	632
Scotland	479
East Anglia	409
North	316
Within M25	239
South Wales	237
Northern Ireland	119
North Wales	74

**UK MCAD Sites by Region**

We then calculated the number of CAD seats within the MCAD sites:

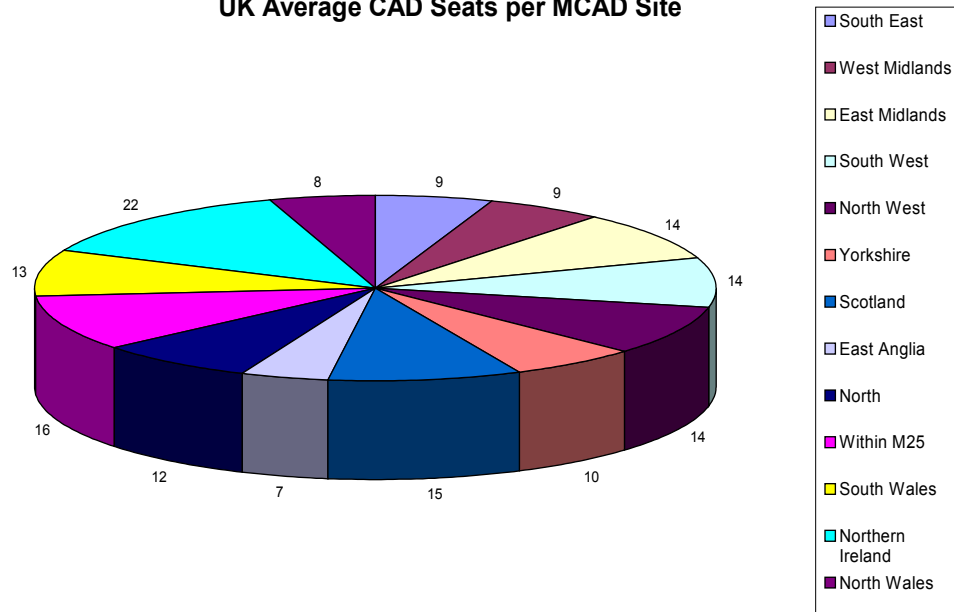

Region	Number of CAD Seats Within MCAD Sites
South East	16,741
West Midlands	9,576
East Midlands	10,214
South West	10,237
North West	9,908
Yorkshire	6,337
Scotland	7,410
East Anglia	2,773
North	3,926
Within M25	3,869
South Wales	3,033
Northern Ireland	2,592
North Wales	559

UK CAD Seats Within MCAD Sites by Region

The national **average** number of CAD seats per MCAD site was 13, the lowest was in East Anglia, with the highest being in Northern Ireland:

**UK Average CAD Seats per MCAD Site**

For further details on number of sites per product, industry sector, application area and other selection options see [our website](#), or call us to discuss +44 (0)1689 873636.

Business Advantage has, what is widely regarded as, the definitive database of CAD/CAM users in the UK. Containing information on some 50,000 senior decision makers in some 15,000 individual sites with 164,000 CAD users, the CAD/CAM User Site Database opens the door to increased business for those targeting the UK CAD market.
